PVC WALL & CEILING PANELS

# French Moulding PANELS

French Panelling is the classic French style wall panelling, where the top of the panel is shaped and usually has carved ornaments at the top and sometimes at the corners. This really adds to the French classical feel of the room.

**Length : 8 Feet**

**Golden Moulding**

A hand is holding a single, wide, gold-colored artificial grass strip vertically. The strip has a ribbed texture and a frayed edge at the bottom. The background is a dense field of green artificial grass.
